

Spectacular Savings Are Yours! The B7 Coat and the B7 Trouser CALL US TODAY FOR SPECIAL PRICING!

The cost efficient B7 provides high performance protection in aircraft rescue and industrial applications from reflective and radiant heat, water, chemicals, blood borne pathogens and the firefighter's ultimate enemy - heat stress. The Aluminized Outer Shell, ARALITE® Thermal Liner and CROSSTECH® Moisture Barrier come together to complete a highly protective three layer system. From hand warmer pockets to the PBI® hand and wrist guards, the B7 coat is built with your comfort and safety in mind. Thermally enhanced expansion knees with replaceable reinforcements increase trouser life with versatile long-term durability. The GX-7 style B7 ARFF protective ensemble is a highly evolved, ergonomic design that fits, feels, and moves like no other.

Coat Standards

Model: GX-7 32"

- 7.0 oz. Aluminized PBI®/KEVLAR® Outer Shell
- ARALITE® Thermal Liner
- CROSSTECH® Moisture Barrier
